Vote 1 Hitendra Joshi

Listen. Connect. Represent.

I am a local dad, engineer and badminton coach, putting people before party. I believe being your elected representative is a responsibility, not a career path.

People before party: I will stand up for

Accountability
Independent IBAC, open contracts, public lobbyist register.

Cost of living
Cut waste and corporate welfare; lower energy costs.

Community safety
Visible policing, early intervention, domestic violence support.

Climate and green spaces
Solar, batteries and insulation for all homes. More trees. No nuclear.

Transport
Reliable Glen Waverley and Alamein trains; better car parks.

Housing
Safer community housing; help for first-home buyers.

Education and health
Trades pathways, STEM teachers, early mental health support.

Treaty
An agreement giving First Peoples a say in decisions that affect them. I will support and defend it.
